**Flammable Limits:** Limits not established.

**Extinguishing Media:** Use extinguishers appropriate for the surrounding fire conditions.

**Special Fire Fighting Procedures:** Firefighters must wear NIOSH approved self-contained breathing apparatus and full protective clothing.

6. ACCIDENTAL RELEASE MEASURES

**Spill or Leak Procedures:** Solid material may be picked up and recycled. Molten metal should not be allowed to flow to any drain. Contain and allow to solidify, pick up and recycle material. Wear protective clothing when handling molten materials. Follow all Federal, State and Local regulations regarding disposal of or recycling of product.

7. HANDLING AND STORAGE

**Handling** Keep containers tightly closed when not in use. Use care to avoid spills. Use only with
Precautions: production equipment specifically designed for use with solder. Wear appropriate personal protective equipment when working or handling solder. Always thoroughly wash your hands after handling this product. DO NOT touch or rub eyes until hands are washed.

Storage Precautions: Store product in tightly sealed original containers in a cool, dry area. Refer to product label for specific storage temperature requirements. Rotate stock to ensure use before expiration date on the label.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Engineering Controls: Use only with production equipment, adequate ventilation and other safety features specifically designed for use with solder activities. Control concentration of all components so that any permissible exposure limits are not exceeded. Ventilate areas where molten metal is used, by using exhaust ventilation. Keep exposures as low as possible. Avoid inhalation of fumes. Product fumes may contain lead or small amounts (<0.2%) of an flux ingredient listed that may cause cancer.

Personal protection:
Eyes: Chemical safety glasses/goggles and face shield for molten metal.
Respirator: An authority approved or compliant marked air-purifying respirator with a fume/organic chemical cartridge is recommended under certain circumstances where airborne concentrations are expected to be elevated or exceed exposure limits.
Skin: Compatible chemical resistant gloves. Use hot gloves for handling molten metal.
Other: Lab coat, eye-wash fountain in work area. Avoid the use of contact lenses.
Work/Hygienic Maintain good housekeeping. Clean up spills immediately. Good personal hygiene is essential. Avoid eating, smoking or drinking in the work area. Wash hands thoroughly with soap and water immediately upon leaving the work area.
