Indium Corporation is a premier materials refiner, smelter, manufacturer, and supplier to the global electronics, semiconductor, thin-film, and thermal management markets. Products include solders and fluxes; brazes; thermal interface materials; sputtering targets; indium, gallium, germanium, and tin metals and inorganic compounds; and NanoFoil®. Founded in 1934, the company has global technical support and factories located in China, Germany, India, Malaysia, Singapore, South Korea, the United Kingdom, and the USA.

Business Segments

- Electronics Assembly Materials
- Engineered Solders & Alloys
- Semiconductor Assembly Materials
- NanoFoil®
- Metals & Compounds
- Metal Thermal Interface Materials

From One Engineer To Another®
Our Goal
Increase our customers’ productivity and profitability through the design, application, and service of advanced materials.

Markets Served

- Auto/EV
- 5G Infrastructure
- Mobile
- Power Modules
- AI
- IoT/IIoT
- Laser/Fiber Optics
- LED
- Medical
- Photovoltaic
- Metal Refining & Reclaim
- Battery
- PCBA
- RF/Microwave
- Thermal Management
- Downhole
- Flat Panel Display

Global Technical Support and Facilities Worldwide

OUR BASIS FOR SUCCESS:
- Excellent product quality and performance
- Technical and customer service
- Cutting-edge material research and development
- Extensive product range
- Lowest cost of ownership
